ABOUT NIT SILCHAR

National Institute of Technology (NIT) Silchar, an Institute of National Importance under the NIT Act was established in 1967 as Regional Engineering College (REC) Silchar in Assam. In year 2002, it was upgraded to the status of an NIT from REC. NIT Silchar is situated on the banks of river Barak and on a sprawling campus spread over 600 acres of land on the outskirts of Silchar. It is surrounded by beautiful natural lakes, hillocks and tea gardens. The climate of Silchar during August is mostly cloudy and temperature around 25^0 C - 32^0 C. NIT Silchar is a fully residential institute with 9 hostels for boys and 2 hostels for girls. The institute offers six undergraduate courses and some AICTE approved Post-Graduate courses. The Department of Mathematics offers 2 years M. Sc. course and Ph. D. programmes.

ELIGIBILITY

This program is open to Industrial people, faculty members, research scholars, PG and final year UG students of recognized colleges, technical institutions and universities.

ACCOMMODATION

Accommodation may be arranged for out station participants at NIT Silchar guest house subject to the availability. Guest house room rent are given as follows : Single room Rs.350 and Double room Rs.600.

HOW TO REACH NIT SILCHAR

The Silchar city is well connected by air, rail and road. Silchar is situated at a road distance of 334 km from Guwahati. NIT campus is about just 10 km away from Silchar railway station and 35 km from Silchar Airport.

About the Course

The one week workshop on **Modelling, Simulation and Soft Computing Techniques** is scheduled to be held during 10-14 August, 2018. Highly experienced and renowned experts are invited and will deliver lectures on modeling, simulation and soft computing techniques. This course is an exciting way for PG and Ph. D scholars, and practitioners including faculty members to either brush up on their skills for innovation or create a foundation for future use in innovation.

COURSE OBJECTIVES

The basic objectives of this international workshop IWMSSC-2018 is to serve as an ideal platform for academicians, researches, engineers, and scientists to exchange their expertise in the field of mathematics modelling, simulation and soft computing. The workshop is expected to help the researchers to update themselves about the current trend of their research field through resource persons.

COURSE CONTENT

Topics to be covered are as follows:

Modeling, Simulation and its Applications	Genetic Algorithm
Operations Research	Evolutionary Algorithm
Software Reliability	Fuzzy Logic
